Manly oversaw a major development of the school's premises, involving the co-ordination and management of the demolition of existing buildings and the construction of both a two and three-storey building.

Centering on a state-of-the-art Performing Arts theatre, this project involved over two years of considerate planning and co-ordination and an 18-month period of construction.

The new facilities, which also include 18 new classrooms, sixth-form common room and kitchen and ICT equipped study/careers suite, opened by Her Majesty the Queen, to pupils at the beginning of the 2005/2006 school year.
